Special Needs Network Hong Kong

Stronger Together

Our Mission

Our mission is to **CONNECT** parents and caregivers of children with special needs and disabilities through different platforms, **SUPPORT** them on their journeys, and **EMPOWER** them to make informed decisions about their children's development and wellbeing. We **SHARE** information and experiences in our aim to build a supportive community.

About Us

Founded in 2003 Special Needs Network Hong Kong was set up to provide families and caregivers of children with special needs and disabilities a safe and supportive community

Our dedicated committee of volunteers collaborates to provide parents with different ways to connect, learn and share through relevant events.

Our Reach

We are proud of the melting pot that our network has become. With so many different nationalities and diagnoses, parents can share their experience of the wide spectrum of neurodiversity and disability represented by this group.

What We Do

CONNECT

Through our website and social media platforms we connect parents and caregivers to enable discussions and build a network.

EMPOWER

We hold talks and workshops that impart knowledge and perspectives to empower caregivers in making decisions and advocating for their children.

SUPPORT

We organise regular get-togethers to encourage communication among our members.

SHARE

Sharing information, experiences and perspectives is key to building a supportive and safe community.

Contact Us

If you would like to become a part of our network of parents and caregivers, please sign up at <https://www.snnhk.org/request-to-join-snnhk>. You may also click on the following icons to email or follow us on major social media.
